

Hello all,

I'm looking for a few women to help fill my alpine ski team starting this Spring semester 2019 (January) and/or Fall semester 2019 (August).

RMC's ski teams have a diverse ability range, from low FIS points to high school skiers, so I'm not looking for a specific point profile.

RMC is a member of USCSA, but also competes in RMISA FIS-U, FIS, and USSA events around the West.

We are a full varsity program and pay all expenses while competing.

Annual scholarship awards from \$14,500 to \$27,982 - full tuition.

Now is a great time to capitalize on or maximize one's scholarship amount here at Rocky.

For more information please contact me and/or pass on my information to your athletes or other persons whom maybe interested in this opportunity.

Males may also apply.

Thanks for your time.
