Skiing/Snowboarding is a bit different this year in Mammoth and we need compliance from the teams coming attending. Here are a few policies to help you know what to expect when coming our way, just know it will be a bit different this year and we expect all our guests to be cooperative in our policies in order to keep us open.

Lodges

The lodge especially is not your typical ski lodge experience. The lodges need to be thought of as a place of business in which you need to be a patron in order to enter. The seating in the lodge is considered part of our restaurant by our county and is capacity controlled to the regulations our county is under. Please do not plan to bring your backpacks and sack lunch into the restaurant area, just as you would not do in any other restaurant setting. There are no backpacks allowed to be stashed in the lodge. If you'd like to be a patron of the restaurant and can find an open table, you are more than welcome to use it for that purpose. There are day use lockers available if you need to stash gear.

Mask Policy

Masks are required to be worn properly in all lift lines, up the lifts, and all the way until you are past the unloading dock and able to distance at least 6 ft from other groups. This is a zero tolerance policy and repeat offenders will be asked to leave the mountain to maintain safety of our other guests. Base areas are part of a Mask Zone and even if you are outside, you are still required to wear a mask properly in the Mask Zones. Single layer buffs are not permitted, neither are ski masks that have holes in them. We are finding the best option is the over the ears mask that we have become accustomed to in day-to-day.

Social Distancing

Spacing of at least 6ft from other groups in lift lines is required. Please group up in chairlift sized groups before entering the lines and these groups should distance 6ft from each other through the maze.

Thanks so much for your cooperation and we look forward to seeing you on the slopes!
