1 - PACIFIC NORTHWEST SKI ASSOCIATION

Introduction

Ski competition in the Pacific Northwest, including Oregon, Washington, and Western Idaho is organized and conducted by the Pacific Northwest Ski Association (PNSA). PNSA and its' competitions are organized under the guidelines of the International Ski Federation (FIS) and US Ski and Snowboard.

The Pacific Northwest Ski Association was originally developed out of the need for uniformity in all phases of ski competition. PNSA works with US Ski and Snowboard in establishing the eligibility and qualifications of competitors, setting standards and certifications for coaches and officials, and organizes clinics and training programs for all skiing and snowboard disciplines. As a division of US Ski and Snowboard and the Western Region, PNSA plays a key role in all U. S. ski and snowboarding competitions. PNSA's competition program is the first step for ski and snowboard competitors to national and international amateur sports competition. PNSA is a non-profit organization and operates for the benefit of all PNSA and US Ski and Snowboard members in the Pacific Northwest division.

PNSA Vision

- A leader in attracting, developing and retaining competitive snow sport enthusiasts in the United States.

PNSA Mission Statement

- PNSA brings together the Pacific Northwest community to govern, administer, support and grow competitive snow sports in a fun and learning environment.

PNSA Values

- Inclusive Everyone has the opportunity to participate.
- Integrity We strive to do the right thing every day, regardless of personal interests or outcomes.
- Collaborative Foster a culture of cooperation among our resorts, clubs, coaches, athletes and officials.
- Community Cultivate fellowship, unity and respect among the snow sports community.
- Accountable Committed to efficiency, effectiveness and transparency in all we do.

Administration

The administration of Alpine, Nordic, Freestyle Skiing and Snowboarding competition in PNSA is the responsibility of the Director's of the competition committees that represent the interests of each athletic discipline. These Directors, in turn, are responsible to the PNSA Board of Directors. Each Director of the various skiing and snowboarding disciplines appoints a chairman of the competition committee who appoints various subcommittees to implement policy in their technical areas.

PNSA's athletic programs are designed and implemented by professional coaches and administrators as well as an active group of dedicated and knowledgeable volunteers. In addition, PNSA has direct input to the policies, procedures, and guidelines of US Ski and Snowboard through PNSA'S representation on various national-level committees and subcommittees.

PNSA maintains a year-round office to support the needs of PNSA competitors, coaches, officials, volunteers, and clubs. The office disseminates important information regarding race schedules, racer qualification and selection to traveling teams, coaches and officials clinics, etc. The office is available to help all PNSA clubs and individuals.

2 - PNSA / US Ski and Snowboard ALPINE PROGRAM

How To Become A Competitor

Anyone who is interested in ski racing can join US Ski and Snowboard. Once you have made this decision, you can join online at <https://usskiandsnowboard.org/membership> You can print a copy of the Alpine Competition Guide at <http://alpine.usskiteam.com/alpine-programs/officials/rules> and a copy of your license through the [myUSSA](#) link found on the US Ski and Snowboard website. This license allows you to compete in sanctioned PNSA / US Ski and Snowboard competitions. A schedule of events is available on the PNSA website at <http://www.pnsa.org/calendar>.

It is also advisable that you join a local ski club or training program that prepares racers for US Ski and Snowboard competition. Such programs exist at most ski areas around the Pacific Northwest, and offer assistance in scheduling, on-snow training, physical conditioning, travel arrangements and many other benefits. The PNSA office will have information on programs in your area, and they are available on the PNSA website at <http://www.pnsa.org/clubs>.

If you are 11 years of age or younger, you will be joining a Youth Ski League (YSL) program (also known as Buddy Werner / Mitey Mite programs). These are "learn-to-ski-race" programs that teach the basics in ski competition and technique. Racers 12 -20 years old join the Junior level of racing. This is the "classification" level that ranks racers in the United States. Also, any racer 21 years and older may join the PNSA Masters racing program.

If your aspirations are to become the best racer you can be, even compete at international and Olympic races, then you should join US Ski and Snowboard / PNSA. US Ski and Snowboard / PNSA racers are the only racers recognized by the United States Ski Team, the International Ski Federation and the US Olympic Committee.

Competitor Classification

There are three types of *competition classifications* in PNSA/ US Ski and Snowboard racing: Age, Ability and Masters. Age classification (U8 - Senior) races are based on age classes/groups of athletes, whereas Ability classification races are based on rankings in the National Points System (U14 – Senior). Masters classification races are for the 21 and older athlete who seeks recreational competition without scoring to the National Points System. The three types of competitions are further defined below.

Age Classification / Age Class Racing

Age Classification is based on your age as of December 31st of each season. Competitions of this type are open to all athletes who meet the age-class criteria for the event.

Category	Age (as of 12/31)

Youth Ski League – Mitey Mite

These competitions are for the youngest athletes – ages 5 to 13 (U8-U14). They offer a fun introduction to ski competition for the beginning racer.

Evergreen Cup

This is the development level of PNSA racing and is open to all U14-Senior competitors. Athletes are introduced to the National Points System to handicap and rank them among other racers in the United States

Ability Classification / Ability Racing

The PNSA/ US Ski and Snowboard Junior Program also classifies racers by ability. This is accomplished by using the National Points system to handicap racers and rank them among other racers in the United States. As a racer's ranking, or handicap, improves, the racer becomes eligible for higher levels of competition. Competitions in this category are open to all athletes who meet the ability/ranking criteria for the event.

Northwest Cup/U16 Series

This is PNSA's premier level of US Ski and Snowboard divisional racing and is open to U16 and older. The Northwest Cup series serves as the divisional trophy series, crowning the division's overall champions as well as team champions in the U16 and U19/21 age classes. The Northwest Cup is the elite level in the PNSA, from which racers qualify to regional, national, and foreign FIS competitions by improving their ranking in the National Points system.

4 - PNSA / US SKI AND SNOWBOARD COMPETITIONS

PNSA provides opportunities for skiers of all ages to compete in various race programs and series. These programs and series are designed to give all athletes an avenue of advancement towards national and international competitions. A complete list of races and race dates can be found on the [PNSA website](#).

PNSA Youth Ski League /Buddy Werner/Mitey-Mite Racing

Mission

PNSA Youth Ski League (YSL), Buddy Werner League (BWL) and Mitey-Mite programs provide skiers age thirteen (U14) and younger an opportunity to train for, and compete in, local races. In addition, active participation should prepare athletes for advancement to U16 racing.

Philosophy

PNSA YSL programs introduce children 13 and younger to the sport of ski racing. The philosophy includes, but is not limited to:

1. PNSA YSL racing is fun! Coaches, parents and race organizers need to insure that, in every endeavor, fun is paramount.
2. PNSA YSL racing is inclusive. Participation is recognized and rewarded. Race fields are maximized in an effort to include all athletes who have the desire to participate.
3. PNSA YSL racing should teach life skills. Through training and competition, coaches should use opportunities to teach positive values of sportsmanship, cooperation, preparation, physical fitness, nutrition and other applicable social and personal skills.
4. PNSA YSL racing achievement is development based. Performance is rewarded while attention should be paid to long-term skill development.
5. PNSA YSL regular-season racing is age-class competition. Athletes compete against their respective age classes and are rewarded for achievements amongst their respective age group.
6. PNSA Buddy Werner Championships is an age-class YSL championship event (U14 only) that recognizes individual performance and team achievement.

Licensing

A US Ski and Snowboard Competitor (U14, U12 or U10 and younger) license is required for participation in US Ski and Snowboard- sanctioned PNSA YSL / Mitey- Mite events.

PNSA Buddy Werner Championships

A PNSA club hosts the Buddy Werner Championships (BWC) each year. Each team competes for the overall team award as well as individual awards.

Primary Goals and Mission

1. The purpose of the Buddy Werner Championships ski race is to provide:
 - a. A divisional team championship event
 - b. A divisional individual championship event for U14s
 - c. An exciting and fun event to help U14s transition to U16 racing
2. The event focus shall be:
 - a. The execution of high quality and fair races
 - b. The acknowledgement of team and individual participants
 - c. The acknowledgement of team and individual performances

Competition

1. The BWC shall consist of three consecutive days of racing during the month of March. One day will be Super G, one Slalom and the third Giant Slalom, with a Skills Quest component taking place during the 3 days.
2. The BWC will be sanctioned with US Ski and Snowboard as scored events.
3. The BWC results will not count toward PNSA Ability Class points.
4. The Skills Quest portion will not count toward BWC overall awards – individual or team.
5. Separate courses shall be provided for boys and girls.
6. Existing US Ski and Snowboard / PNSA rules for organizing, officiating and racing shall apply to this event. Separate officials/crews will be used for boys and girls courses. This includes two separate TDs.
7. The course regulations will be according to US Ski and Snowboard rules for U14s.
8. Awards are presented daily for individual performances based on finish order.
9. The NWC Committee will invite 10 U14 athletes per gender from BW/U14 Championships to NW Cup Finals SL/GS events. The first slots will be filled by all single-event podium finishers. Ties within podium finishers will not be broken and both will be selected. In this scenario, these 2 selections will consume only one overall quota spot. The remaining quota will be filled from the Individual Overall results after podium finishers have been purged. Ties within Overall finishers will be broken by overall lowest race points for BWC series.

Event Enhancement

To make the BWC a special event, organizers may opt to include the following:

Event program	Team photo
Team meal plan	T-shirt and sweatshirt sales
Athlete souvenirs	Banquet

However, organizers must strive to achieve the primary goals of the Buddy Werner Championships before incorporating additional event components.

Eligibility

1. Any PNSA member, who is a U14, is a member of a PNSA club or team, and has participated in local events as a member of that club or team, is eligible to compete in the BWC. Foreign athletes who join US Ski and Snowboard (membership number preceded by an "X") must pay their PNSA membership dues directly to the PNSA office to be eligible for the BWC.
2. Only organizations affiliated with US Ski and Snowboard / PNSA by January 1 of the appropriate year will be eligible to enter teams in the BWC.
3. Each PNSA club in good standing may enter one team with as many members as their Program Director deems appropriate.
4. A substitute may take the place of another athlete of their club due to injury or other unforeseen circumstance. The replacement must be made prior to the Team Captains meeting on Friday. The replacement athlete must take the seeding position of the original participant.
5. The Team Coach must send in team entries for the BWC along with the appropriate entry fees.
6. The host organizer shall set the entry deadline.
7. The Head Coach for each club competing is required to be an US Ski and Snowboard member with a Coach license and have a PNSA Coaches Card.
8. No racers from out of division, out of region or foreign countries (except those that have joined US Ski and Snowboard & PNSA) will be allowed to enter the BWC. Only PNSA registered clubs may enter.
9. An official list of PNSA clubs eligible to enter the BWC shall be posted on the PNSA website by January of each year.

Seeding

1. The BWC will have 8 seeds. Seeds 1-7 will contain one member from each team, seed 8 will be all others entered.
2. Each team will designate their entries for seeds 1-7 no later than 2 weeks prior to the first event. No changes will be allowed after the deadline. If the organizer has not received the seed list by the deadline, they will randomly insert the team members in the first 7 seeds and their selection will be final.
3. The 8th seed will be a random draw by computer.
4. The second run will be "bibbo" in accordance with US Ski and Snowboard rules (flip 30 unless modified by the Jury).

Scoring

1. First and Second run times will be added together to determine the athlete's time for the race.
2. Each athlete will be awarded place points in all contested events with the exception of Skills Quest. The fastest time shall be awarded 1 point, the second fastest 2 points, the third fastest 3 points, and so forth. All competitors that DNS, DSQ or DNF will be awarded one more point than the total number of competitors that finished both runs. (If there are 45 athletes that completed both runs then the DNS, DSQ and DNF athletes will receive 46 points.)
3. Team scoring in each event shall be determined by adding the Place Points together for the first 3 finishers of each team.
4. In the case of a tie in any event, the fourth-place team member's Place Points will be used to break the tie. If there is a tie for all events combined, the fourth team member in all events will be added up to break the tie.
5. In the event of a tie of times for any position, the Place Points will be added together for all athletes with the same time and divided equally. For example, if there is a 2 way tie for 7th position, points for 7, & 8 will be added together and divided by 2 ($7+8= 15/2= 7.5$ Place Points each).
6. In case of a tie for the BWC individual overall awards, the tie will not be broken. If it becomes necessary to break a tie for selections or other purposes, total race points from the contested races will be used.

The Organizer

1. The location of the BWC shall rotate annually by zone.
2. The sponsoring host team shall be responsible for the proper organization, course preparation, appointment of officials (other than the TD which shall be appointed by PNSA, and the Referee who will be appointed by the TD), scoring calculations and other requirements of the event.
3. The sponsoring host team shall schedule the date for the event and set the entry fees, to be included on the PNSA race calendar.

The Committee

1. The YSL Working Group shall hold two meetings during the year. One at the Championships weekend with the participation of one representative of each club/team entered in the event, and one at the PNSA Annual Convention.
2. Recommendations for furthering and improving the program shall be discussed and developed at these meetings.
3. Bid forms shall be available at the BWC meeting for the next Buddy Werner Championships. The BWC venue shall be voted on and awarded at the PNSA Annual Convention.

For further information regarding YSL /Mitey-Mite racing in the Pacific Northwest or the Buddy Werner Championships, please [contact the PNSA Office](#).

PNSA U16 Series

The PNSA U16 Series is combined with, and run as a sub-series of, the Northwest Cup series.

The PNSA NW Cup Series #1, #2 and #3 are the races used for U16 qualification to the WR U16 Championships. The objective of the PNSA U16 series is to allow all U16 racers within the division to come together with minimal travel and cost while allowing sufficient training time at home to build strong technical skills. All U16 competitors must have an US Ski and Snowboard Competitor license.

U16 Series Awards

- **Individual series awards:** Will be calculated using World Cup points awarded to the top 30 places (see Appendix 2) at each of the NW Cup series races. Non-U16 and non-PNSA-division U16 competitors will be purged from all individual scoring at the Finals. U16 titles will be decided by an athlete's best 50% results, rounded up, when more than 2 races are contested. If only 2 races are run, then both results will count. In the case of a tie, all winners will be recognized (i.e. no tie breakers).

PNSA announces U16 overall titles and discipline titles at the NW Cup Finals. PNSEF awards prizes to cover competition expenses at the following rates:

Place	Series Overall / per gender
1st	\$700.00
2nd	\$400.00
3rd	\$300.00

- **Team series awards:** Will be calculated using the same New World Cup points that are assigned to the individual awards. However, team points will be determined by summing only the points of the best four men and the best four women from each team for a race that is scored. Non-U16 and non-PNSA-division U16 will be purged from all team scoring. The team scoring the highest total points will win the Overall Team Trophy. Team awards will be given out to the top 3 teams per gender and top 5 teams overall.

Seeding

Seeding of the U16 series will be by National points. National points will be scored at all U16 races.

The [Evergreen Cup](#) is the development level of racing for the PNSA division. The Evergreen Cup is open to all Junior-age competitors, U14 through Senior. Every geographic region throughout the PNSA tries to host several Evergreen Cup races to help keep travel, time and expense to a minimum. To be eligible to compete in the Evergreen Cup races, the racer must be a member of US Ski and Snowboard and have an US Ski and Snowboard U14 or older Competitor license. Evergreen Cup races will be seeded by National points. Entry to those Evergreen Cup races noted as 'zonal' is limited to athletes from clubs within that zone. If an athlete does not have a club affiliation, then their zonal affiliation will be determined by their address listed in the PNSA membership database.

Awards

The organizing club will provide PNSA Evergreen Cup awards as outlined by the Ability Class Addendum.

Northwest Cup Series

Every season, PNSA stages a World-Cup-type competition for the top racers in the Northwest. This race series, known as the Northwest Cup, is the elite race circuit of the division. Races counting for the Northwest Cup overall award are indicated on the [PNSA calendar](#). In addition to being elite divisional races, they are also used as qualifiers for the Western Region U21-U19 Championships and other major regional, national, and international events. Northwest Cup races will be seeded by National points.

Eligibility

All Northwest Cup events are open to U16 and older competitors, with an exception for the NW Cup Finals SL and GS, which are also open to the BW/U14 Championship invitees. However, U16s are not allowed to enter NW Cup speed races where the vertical drop exceeds the maximum allowed for the U16 age class. The PNSA ACC will monitor all Northwest Cup race results. All competitors, except CAN athletes, must have an US Ski and Snowboard Competitor license in all NW Cup races.

Scoring

Individual Titles

PNSA announces overall titles and discipline titles for individuals from the season-long Northwest Cup series. New World Cup points (see appendix 2) are awarded to the top 30 finishers at each NW Cup race. Overall and discipline titles will include points from all contested events. PNSEF awards prizes to cover competition expenses at the following rates:

Place	Series Overall / per gender	Discipline Overall / per gender
1st	\$1,000.00	\$300.00
2nd	\$750.00	\$200.00
3rd	\$500.00	\$100.00
4th	\$300.00	
5th	\$200.00	

Team Title

The overall team title is awarded to the team that accumulates the most individual World Cup points during the season-long series as described above. However, only the results from a team's top 4 male athletes and top 4 female athletes per race will be counted in the scoring.

Western Region Race Series

The Western Region of US Ski and Snowboard comprises the 5 divisions in the West; Alaska, Northern (Montana, North and South Dakota, central Wyoming), Intermountain (Utah, western Wyoming and southern Idaho), Far West (California and Nevada), and the PNSA (Washington, Oregon, and northern Idaho). The Western Region offers the first levels of FIS competition to PNSA's top racers.

From these regional races, competitors can qualify for national / international events such as the U19 Nationals, Nor-Ams, and U.S. Nationals. The Western Region also conducts U14, U16 and U19/21 Championship events for top competitors within those age-class.

For more information on selections and quotas to Western Region races, see PNSA Selection Procedures later in this manual and PNSA Quotas in the Appendix.

Western Region U14 Championships

Each of the three Regions of US Ski and Snowboard will conduct their own U14 Championships. The Western Region U14 Championships is an event for racers ages 12 & 13 from the 5 divisions of the Western Region. The event rotates each year among the divisions, and consists of Super G, Giant Slalom and Slalom races, plus a Skills Quest component. Only U14 age competitors are eligible to participate. See the [Western Region Policies and Procedures](#) manual for full details and quotas.

Western Region U16 Championships

Each of the three Regions of US Ski and Snowboard will conduct their own U16 Championships. The U16 Championships is a championship event for racers ages 14 & 15 from the 5 divisions of the Western Region. The event rotates each year among the divisions, and consists of Super G, Giant Slalom and Slalom races. Only U16 age competitors are eligible to participate. See the [Western Region Policies and Procedures](#) manual for full details and quotas.

Western Region U19/21 Championships

The Western Region U19/21 Championships is a championship event for racers age 16 thru 20 from the 5 divisions of the Western Region. The event consists of Super G, Giant Slalom and Slalom races. See the [Western Region Policies and Procedures](#) manual for full details and quotas.

Western Region FIS Racing U19 and older

The Western Region Elite FIS Series consists of three major events throughout the season. A tech block consisting of two SL and two GS is scheduled in January. The second event is another tech block in February. The Spring Series consisting of two GS/SL in early April makes up the third event.,. This is the highest level of regional racing, and is the platform from which racers move on to NorAm races, the U.S. Nationals, and out-of-country international competition. See the [Western Region Policies and Procedures](#) manual for full details and quotas.

The Western Region FIS Open Series is an entry-level FIS series. Open series races begin in December and run through April. The series includes 2 tech blocks and 2 speed blocks. The January speed block serves as a qualifier for the U19 National Championships. See the [Western Region calendar](#) for race dates and locations.

Major US Ski and Snowboard Competitions

U.S. Alpine Championships

Once each year the top racers in the United States come together for about eight days to compete for national titles in alpine ski racing. Racers from the U.S. Olympic Team, the U.S. Ski Team, top collegiate racers and the best regional racers are all in attendance. For many young racers this is the opportunity to prove themselves against the country's best.

Nor-Ams

The Nor Am series is the premier race circuit in North America, paralleling the Europa Cup Series in Europe. These races are the final step to the World Cup, skiing's top level of international racing. Top racers from the United States and Canada, as well as foreign racers, compete each year for the Nor Am title. The events are held both in the United States and Canada, and include races throughout the winter season.

U19 Nationals, U16 Nationals and U14 Nationals

The U19 Nationals, U16 Nationals and U14 Nationals bring together the best 16-17-18, 14-15 and 13 (U14 birth year 2002 only) year olds (respectively) in the USA. Each region selects its athletes via their own qualification races. These National events move around the country, providing all athletes exposure to new and challenging venues. See the [Western Region Policies and Procedures](#) manual for full details.

PNSA College Racing United States Collegiate Ski and Snowboard Association

The United States Collegiate Ski and Snowboard Association (USCSA) operates from coast to coast through five (6) regions (East, Midwest, Mid-Atlantic, Southeast, West, and California), each further divided into 11 conferences (Southern California, Northern California, Northwest, Rocky Mountain, Grand Teton, Midwest, Mideast, East, Southeast, Allegheny, and New Jersey).

Northwest Collegiate Ski Conference

The conference consists of the following institutions:

College of Idaho
University of Oregon
University of Washington
Oregon State University - Cascades

University of Idaho
University of Puget Sound
Washington State University
University of British Columbia

Any other institution located in the states of Alaska, Washington, Oregon, or Idaho and British Columbia, Canada, may join the NWCSC by contacting Ron Bonneau for the proper steps to USCSA and NWCSC membership: c/o College of Idaho, 2112 Cleveland Blvd., Caldwell, ID 83605, email: rbonneau@collegeofidaho.edu.

PNSA Quota and Entry to NWCSC Events

The NWCSC invites qualified non-collegiate PNSA athletes to compete in each of the conference qualifying races. Interested PNSA men and women must complete a [NWCSC Intent to Compete Form](#) (located on the PNSA website) and send it to the PNSA Office. Please address questions to: 208.459.5863 or email: nwcsc@uidaho.edu.

The PNSA Alpine Competition Executive Committee will review the applicants and invite a maximum of 5 men and 5 women (U21, U19 and U16 age classes) to each of the qualifying races. PNSA athletes will be entered as a team - one racer in each of the five seeds.

All eligible PNSA athletes, who wish to be considered in the selection for the PNSA quota to the NWCSC qualifying events, must declare their intent at least 5 days prior to the 1st Team Captains meeting of that event. Athletes, who declare their intent and are duly entered, and then do not start, may be denied participation in further NWCSC qualifiers for the remainder of the current season and the following year.

The NWCSC will also invite the race organizing host/junior race program to enter athletes: 5 men and 5 women (U21, U19 and U16 age classes). They will also be entered as a team, one racer per seed. If the hosting club does not fill their allocation, the college teams will be able to enter their team alternates.

Entry Fees

PNSA racers will be charged \$25.00 per day to compete. Competitors must be represented and fees MUST be paid in full at the Friday night team captain's meeting prior to racing.

Competition

All competitions sanctioned by the NWCSC are to be conducted under USCSA rules. The USCSA rulebook is the governing body for collegiate ski racing in the northwest

Race Calendar

For Race Calendar and Race information please see the [PNSA website](#)

Scheduling

The NWCSC will mail out race bid information to perspective ski areas/clubs in the northwest that have an interest in hosting such an event. The bid must be returned to the NWCSC office at College of Idaho (address above) by April 15 of each year. The conference coordinator will meet with interested parties at the PNSA Convention to solidify the dates and arrangements.

Proposed schedules should be drawn up prior to the annual PNSA Convention. Confirmation of competition dates and their details shall be made at the NWCSC annual fall meeting (the first Saturday of October) or by email.

5 - RULES GOVERNING PNSA COMPETITIONS

Entry Fees

Race entries must be made as indicated on the Race Announcement; full entry fees must accompany all entries. You may enter only one race series per day, entry in more than one race series scheduled on the same day will result in forfeiture of all entry fees and may result in disciplinary sanction by the ACC.

The Alpine Competition Committee recommends entry fees for the various levels of racing, usually set at the PNSA Convention each spring.

Head Tax

Each entry fee includes "head tax" for one or more of the following organizations: US Ski and Snowboard, Western Region and PNSA. Head taxes for 2017-18 are:

Type of Race	USSS	WR	PNSA	Total
YSL	\$0.00	\$1.00	\$0.00	\$1.00
Masters	\$0.00	\$0.00	\$5.00	\$5.00
USSS Scored	\$10.00	\$4.00	\$11.00	\$25.00
WR FIS	\$10.00	\$12.00	\$0.00	\$22.00

Entry Deadlines

Race Entry Deadlines are listed on the PNSA Race Calendar, usually 10 days prior to the first event. All entries must be postmarked by the Entry Deadline. Late entries, phone entries, or entries submitted without payment may be denied by the race organizer or may be subject to a late fee. Late entries may be first cut from a race when field size exceeds limit. It is the racer's responsibility to check with the race organizer to see if a late entry has been accepted.

Entry Refunds

Weather and snow conditions can at times cause the cancellation of a race or training day. Also, a racer may cancel his/her entry for reasons of illness, etc. If cancellation occurs the following policy will apply:

Cancellation by a racer: If a sponsoring host club is advised 24 hours before the race start, or 24 hours before the training day for DH or Super G, of the inability of a previously entered competitor to attend, the entry fee will be fully refunded. This policy also applies in the case where a race is relocated and the competitor is unable to attend at the new site.

Cancellation of a training day: Upon cancellation by the jury, TD, or race organization, of a DH or Super G training day, up to 50% of the total training fee may be kept by the host club to recover expenses associated with set-up for training.

Cancellation of a race: Upon cancellation by the jury, TD, or race organization of a race on the actual day of the event, the host club may keep up to 50% of the club's portion of the total entry fee collected. The head tax portions and at least 50% of the club's portion must be refunded to the racers. If a race is cancelled prior to the actual day of the event, the total entry fee must be refunded to the competitors.

Seeding Systems

In ski racing, "seeding" is the process by which racers are assigned bib numbers and arranged in a start order for competition. There are three methods used for PNSA Junior racing, and two additional methods used for Western Region FIS and Junior Championship events.

Buddy Werner

See Chapter 4

TRS System

The first run start list is drawn at random. Second run is the reverse of the first run start list. Third run begins with the second half of the first run start list and then continues with the first half of the first run start list. Fourth run is the reverse of the third run order. After the 4th run a new "first run" is drawn at random and the process starts all over. Not all runs in the 4 run series need to be at the same mountain or event. If one SL is held one weekend and the next SL for the same group is held on a future weekend the first two runs of SL on the second weekend will be treated as runs 3 & 4 in the TRS system.

Example:

1st Run or Race:	1,2,3,4,5,6,7,8,9,10
2nd Run or Race:	10,9,8,7,6,5,4,3,2,1
3rd Run or Race:	6,7,8,9,10,1,2,3,4,5
4th Run or Race:	5,4,3,2,1,10,9,8,7,6

With the TRS Seeding System all racers receive a 2nd run in SL or GS, whether they finished the 1st run or not.

Insertion of new athletes in an existing TRS draw - When new athletes will be inserted in an existing TRS draw, the following procedures must be followed. This example assumes an existing start order with 100 athletes, and you are inserting 3 new athletes:

1. All athletes from the original draw are left on the start list, even if they are not entered in the race, and all new athletes must be left in the draw, even if they are not entered in the 4th run (for SG/DH situations).
2. New athletes are inserted after racer number 25 of the original draw (run 1).
3. The 'resorted' start list, which includes the new athletes, must expand the first ½ of the selected athletes by the number of new/inserted athletes (50 becomes 53), and the second ½ remains the same (50). The 3rd and 4th start lists would be thus:
3rd : 54, 55, 56, 57, 58....103, 1, 2, 3, 4, 5....53 (with the new athletes at 26, 27, 28)
4th : 53, 52, 51, 50...1, 103, 99, 98, 97....54 (with the new athletes at 26, 27, 28)

US Ski and Snowboard (National) Point Seeding

Evergreen Cup and NW Cup races are seeded by US Ski and Snowboard (National) points. Competitors are placed on the board in point order (lowest to highest). The National points used will always be from the current National Points list. The first seed of competitors, usually a group of 15, are randomly drawn. The remainder of the field runs in point order. This establishes the 1st run order.

For SL and GS (two run events), those racers who legally finished the first run are allowed a second run. Racers are ranked in order of first run finish with the top 30 finishers running in reverse order. Therefore the 30th fastest time from the first run starts 1st, and the fastest time starts 30th. All others race in finish order of first run. The Jury may approve that the 1st-run DNF, DSQ, and DNS athletes be allowed to participate in the second run, running after the last racer with a valid 1-st run time.

Western Region U14 & U16 Championships Seeding

The Board of Directors of US Ski and Snowboard has approved 3 special seeding procedures for this event.

Turton Method: The field is divided into seeds of approximately 15 and each division is given slots in each seed equal to its percentage of the entire field. Each division assigns racers to seeds by its own procedures. Each seed is then randomly drawn to determine start order.

Modified Turton Method: The second method follows the Turton Method through the creation of the seeds, then, before a specific athlete is placed on the board, each seed is randomly drawn. The divisions then place their athletes within the starting numbers assigned to their division.

5-Seed Method: There will be 5 equal seeds, taking the divisional quota divided by 5 to determine each division's quota per seed. If the quota is not evenly divisible by 5, then the first seed is increased by one more until the quota is complete. The Seeding Chart is shown in the [WR Policies and Procedures manual](#).

At the WR U14 and U16 Championships, PNSA will assign racers to each seed in order of their ranking from the PNSA U14 and U16 Qualifying series. Each event will be ranked separately.

Western Region U19/U21 Championships and FIS Races

At all Western Region FIS and U19/U21 Championships races, seeding is done using the current FIS points list, and follows the same procedure as US Ski and Snowboard seeding described above.

PNSA Race Field Size

1. There shall be no more than 140 racers on one course - Buddy Werner Championships excepted.
2. The number of competitors in a race must not exceed 140. This means 140 men and 140 women, if the event includes men and women racing on separate courses. Exceptions to this rule are:
 - a. FIS races where guaranteed national quotas may generate field sizes over 140.
 - b. Buddy Werner Championships
3. The number of racers in a race may be determined by the Race Organizing Committee, however, not to exceed 140. This number must be announced on the race calendar or by a mailing to the racers concerned.

When the field size at the deadline exceeds the maximum of the announced limitation, host organization competitors, who are otherwise qualified to enter the event, will be selected first. Then all other competitors will be selected by National points - lowest points first. The organizer must notify those competitors not included in the field as soon as possible.

Out-of-Division Racers in PNSA Events

Racers from other divisions are welcome to compete in PNSA races to the extent compatible with field size restrictions. The racer must meet the qualifications of the PNSA race series being entered. Racers should contact their Divisional office at least two weeks prior to the race.

Race Announcements

Each race organizer is required to send a race announcement "fact sheet" to the PNSA office for posting on the PNSA web site. Announcements should be sent out in good time, at least 14 days prior to the entry deadline. Information that is to be included on a race announcement:

1. Name of race, type of race series, dates of race and race location.
2. Entry fee amount, entry deadline and address for mailing of entry fees.
3. Race Chairman's name, email and phone numbers.
4. Location of race headquarters during the event.
5. Housing and wax-room facilities, if appropriate.
6. Time and location of the Team Captains' meetings.
7. Price of lift passes, and time and location to purchase pass.
8. Daily schedule of events, including start times and race hill locations.
9. Time and location of racer registration, bib distribution and amount of bib deposit.
10. Time and location of awards or awards banquet, if appropriate.
11. Other special instructions i.e. complimentary entries, late fee, protest fee, etc.

Race Awards and Results

Race awards in the Evergreen Cup and NW Cup series are based on the Ability Class Category system. The race secretary will assign categories to athletes based on their National points, then sort the final results by Category. The Category cut-offs for 2017-18 are:

LADIES			LADIES			LADIES			NO AWARDS FOR CAT1
Slalom			Giant Slalom			Super G

Cat 5		999.99	Cat 5		999.99	Cat 5		999.99	

Race results must be received in the PNSA office no later than three days following a race. All results to be included on the National Points list must be submitted by email using the latest US Ski and Snowboard-approved format, and a hard copy of computer generated results. Race organizers will be provided with instructions for submitting results for scoring to US Ski and Snowboard and FIS. All results must be accompanied by the race code number for that event, and the signed T.D. Report for each race. If not using the US Ski and Snowboard on-line race registration process, head tax payment in three separate checks - Western Region, PNSA and US Ski and Snowboard in full - must accompany results sent to PNSA.

Team Captains Meeting - Racer Representation

PNSA "Pace Skier" Policy

The purpose of the Pace Skier Policy is to assist racers, who normally compete at higher levels of competition, when they participate in divisional racing. Those racers are encouraged to compete at divisional events, thereby sharing their experiences with lesser skilled competitors. This approach helps generate appropriate FIS or National point levels at each series. To determine who qualifies as a Pace Skier, FIS points will be used at FIS races, and National points will be used at PNSA/US Ski and Snowboard scored races. The pace skier policy applies only to PNSA/US Ski and Snowboard scored races and to PNSA FIS races.

1. The following PNSA racers, or former PNSA Alpine Team members, are considered Pace Skiers:
 - a. Western Region Automatics and those with a WR Automatic Point Profile
 - b. FIS or National points of 75 or lower in the event contested
2. Any Pace Skier, who meets the above qualifications and is one of the 5 lowest points holders seeded in a PNSA race, will receive complimentary entry fees. PNSA will waive the PNSA head tax and pay the US Ski and Snowboard and Western Region head tax for the race organizer. The race organizer will waive the club's portion of the entry fee. The organizer must submit the list of racers whom they have waived fees and head tax with the Official Results.
3. Race organizers are encouraged to provide other financial assistance to Pace Skiers, e.g. lift tickets, whenever appropriate. It is the competitors' responsibility to check with the race organizer to verify if they hold Pace Skier status.

6 - RULES GOVERNING PNSA MEMBERS, TRAVEL AND CONDUCT

Financial Responsibility

Any athlete who is not in good standing with PNSA, including any past due balance, is not allowed to enter NW Cup, Evergreen Cup or any events held by a PNSA member club.

Race Entry Out of Division

No competitor, coach or parent may enter races in another division without proper approval. The philosophy of PNSA is to discourage unnecessary travel out of the division. The following policy will apply:

1. All requests to race out of division must be submitted to the PNSA office, in writing, 21 days prior to the competition. The PNSA office will seek permission from the division involved. If permission is granted and approved by PNSA, PNSA will authorize the competitor's coaches to make the appropriate entry with the race organizer.
2. Out-of-Division races will only be considered when PNSA is not sponsoring a race of equal caliber, at or about the same time.
3. Exceptions may be applied for through the PNSA office and will be considered by the Alpine Competition Committee or ACC Alpine Development Sub-Committee.
4. Competitors not following this policy may be subject to sanction by the PNSA.

See the [US Ski and Snowboard Alpine Competition Guide](#) for more information on racing in other divisions, regions, and out of the country.

Code of Conduct

The US Ski and Snowboard Code of Conduct shall apply to all PNSA competitors, coaches and officials at all levels of PNSA racing, and when representing PNSA as part of an official team or as an individual. All competitors, coaches and officials should read and be familiar with the US Ski and Snowboard Code of Conduct. The US Ski and Snowboard Code of Conduct can be found online in the [US Ski and Snowboard Alpine Competition Guide](#).

US Olympic Committee COACHING ETHICS CODE

All coaches are encouraged to read and comply with the USOC Coaching Ethics Code. The code is available on the [coaches' page of the PNSA website](#).

PNSA Policy Concerning Illegal Drugs and Alcohol

It is the position of PNSA that ski racing requires dedication, training, perseverance, physical conditioning and emotional stability. These requirements, and the safety of participants in a challenging and demanding competitive sport, are not compatible with the use of drugs or alcohol and their adverse effect upon the emotional and physical being of the users. In addition to what is stated in the US Ski and Snowboard Code of Conduct, PNSA endorses the following policy regarding the illegal use of drugs and alcohol:

- PNSA does hereby declare its opposition to the use of illegal drugs and the illegal consumption of intoxicating beverages.
- Absolutely no possession or use of illegal drugs, or narcotics will be tolerated.
- Absolutely no illegal possession or illegal use of alcoholic beverages will be tolerated.

Parental Code of Conduct

- Parents, guardians, and others who have athletes competing in PNSA sanctioned events are expected and required to conduct themselves in a sportsman like manner. Adults are expected to act as role models for children.
- Sportsman like conduct includes, but is not limited to, respect for all athletes, officials, volunteers, resort employees, other skiers and snowboarding individuals
- Parents and others are highly encouraged to volunteer to help a race organization. Parents are expected to familiarize themselves with the rules of the sport.

- Parents and others are expected to refrain from the use of profane or abusive language or disruptive behavior. PNSA and the race organization reserve the right to exclude parents from the race venue, including the competition arena.

Racer Responsibility Guidelines

1. Bindings must be in good condition and properly adjusted for the conditions.
2. Unbreakable sunglasses and goggles are essential.
3. Warm up for training and racing sessions. Stretch for at least five minutes before skiing. Warm up gradually on snow, skiing various radius turns, before skiing at racing speed.
4. Always carefully inspect a course before running it. Follow the inspection rules for the training session or race. Do not cross or go onto closed courses at competitions, and always be certain that practice courses are clear before proceeding.
5. If you fall and are unhurt, immediately signal that you are OK and move a safe distance away from the course. Collect your gear and reorganize away from the active course.
6. While attending a race event, stand far enough from the course to allow a racer on course full visibility, room to recover, and room to come to a stop without hitting you.
7. Always remain still while there is a racer on course, and never free-ski on or near a closed course except as allowed by the established inspection procedure.
8. If a gate pole is knocked out or broken and presents a danger, place it outside the course, preferably totally to the side of the slope or as directed by the coaches.
9. Be sure to communicate with your coach when tired, ill, uncertain or afraid, if the course is too difficult or rough, or if visibility is poor.
10. Always stop below your coach or training group - never attempt to stop above any skier or group. Always leave room to take "evasive action" should your coach or others in your training group move unexpectedly.
11. When your run is complete, move immediately out of the finish area or away from the course. Make sure you have an adequate finish area and safe room outside all courses.
12. Never jump or ski fast into an uncontrolled "blind spot".
13. When free-skiing outside race and training areas you must be aware of others and ski in full control at all times. Respect other skier's rights to a safe and pleasant skiing experience.

Your Responsibility Code (This is a partial list)

Skiing can be enjoyed in many ways. At ski areas you may see people using alpine, snowboard, telemark, cross country or other specialized snowsport equipment such as that used by disabled or other skiers. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below and share with other skiers the responsibility for a great skiing experience.

1. Always ski in control and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail or are not visible from above.
4. When entering a trail or starting downhill, yield to other skiers.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride, and unload safely.

Know the code. It's your responsibility.

Additionally, members are:

1. Required to supply PNSA with all required forms and fees by the established deadline.
2. Required to be in good financial standing with PNSA. Racers with unpaid fees by the payment deadline will not be included on the race entry form.
3. To refrain from the use or possession of alcohol in vehicles used for team purpose.
4. Not to consume alcoholic beverages anywhere in the presence of a minor team member.
5. Required to attend all team meetings, team training, and race events unless excused by the PNSA Traveling Team head coach and by PNSA.
6. Required to observe the curfew established by the head coach.
7. Required to remain with the team or in the vicinity of the team's housing, except with the knowledge and permission of the PNSA Traveling Team head coach and PNSA.
8. Required to observe any additional rules established by the PNSA Traveling Team head coach and PNSA.
9. A racer, who drops out of a PNSA Project after fees have been paid to the race organizer and for housing, may receive a refund only if PNSA can recover funds.
10. Racers who are in violation of PNSA traveling team rules are not eligible for a refund, and may be ineligible for future PNSA Projects.

PNSA will normally arrange for coaching, travel, and housing for WR Championship races (U19-21, U16 and U14), and certain other events, known collectively as PNSA "Projects", where the Western Region does not make such arrangements, except as noted. Racers who qualify and attend such Projects will go as members of a PNSA traveling team except as noted. PNSA racers who travel as members of any PNSA traveling team are expected to stay with the PNSA team at the housing arranged for them by PNSA.

PNSA Project Staff

Coaches who desire to act as PNSA traveling team coaches shall apply to the Coaches Committee to be selected for the PNSA traveling team coaching staff. A club that has "opted-out" of the PNSA traveling team may be required by the Coaches Committee to designate one of their coaches to serve as the PNSA head coach with all incumbent duties and responsibilities. All coaches who desire to act as a PNSA traveling team coach must be a participant member of US Ski and Snowboard as a coach or as an official and shall also hold a current PNSA Coach card and shall be Referee certified by US Ski and Snowboard. See Chapter 11 for a more complete list of traveling team coach responsibilities.

Staff Drug Testing

All traveling staff coaches may be subject to random drug testing. The PNSA President or Vice-President may randomly select PNSA traveling team coaches for drug testing. If a PNSA traveling team coach, who is affiliated with a PNSA club that has a drug testing policy, is required to submit to a drug test, the PNSA President or Vice-President may utilize the coach's club program for random drug testing. Otherwise, all drug testing shall be as directed by the PNSA President or Vice-President in a location convenient for the coach. The drug test results shall be confidential, however, if a coach does test positive for illegal drugs then the test results shall be referred to the PNSA disciplinary chair for action. The procedures to be followed for any disciplinary action against a traveling team coach shall be essentially the same procedures utilized for a racer as stated below.

Procedure for Violations of Rules and Conduct Standards

Violations of the US Ski and Snowboard Code of Conduct, the USOC Coaches Code of Conduct, Racer's Responsibility Code, PNSA traveling team rules, or the Your Responsibility Code established by the National Ski Areas Association (Collectively "Codes of Conduct") may give rise to sanctions to be imposed by the competitor's sponsoring organization, PNSA, and US Ski and Snowboard. It is PNSA's policy that, if a competitor, coach, official or parent/guardian violates any of these, immediate resolution of the violation best serves the competitor, PNSA, US Ski and Snowboard, and the sport of skiing. As such, PNSA adopts the following procedure to handle violations.

Procedure

The handling of violations and sanctions, if any, will be handled at three levels. Level I is an on-site and immediate resolution; Level II is more formal, involving the Disciplinary Chairperson and the competitor, coach, official or parent/guardian; Level III is the formal PNSA appeal with the Chairperson and two members of the PNSA Appeals Board.

LEVEL I (Venue Resolution)

If a competitor, coach, official or parent/guardian has violated, or allegedly violated the Codes of Conduct, the violation shall be called to the attention of the individual. The appropriate coach or official shall follow Due Process, and propose an immediate resolution or sanction. The individual shall have the opportunity to accept the sanction as a final resolution for the claimed violation. If the individual accepts the sanction, then no further sanctions shall be imposed against the individual. The appropriate coach or official shall report, in writing, to the PNSA office and the Disciplinary Chairperson, the incident and resolution. If the proposed resolution is not accepted, the violation will be referred to the PNSA office for Level II processing.

LEVEL II (Administrative Resolution)

A violation of the Codes of Conduct by a competitor, coach, official or parent guardian shall be reported to the PNSA Office in writing. Upon receipt of the reported violation, the PNSA office shall refer the claimed violation to the Disciplinary Chairperson. The Disciplinary Chairperson shall contact the accused person(s) by telephone and discuss the claimed violation with the accused person(s), offering Due Process. The Chairperson shall also take such other action and investigation as they deem appropriate and then propose a sanction to the accused person(s). The accused person(s) shall have the opportunity to accept or reject the sanction. In the event that the accused person(s) accepts the sanction, the violation and sanction shall be fully resolved and final. If the accused person(s) rejects the sanction or proposed resolution, then the Disciplinary Chairperson shall refer the claimed violation to the Chairperson of the Appeals Board for administration as per Level III.

Level III (Formal Disciplinary Action)

The chairperson of the PNSA Appeals Board shall act as the Level III committee chairperson and shall select two other members of the Appeal's Board to sit as the Level III committee. This three-person Disciplinary Committee shall generally conduct its business using the following procedures:

1. The competitor, coach, official or parent/guardian shall be given sufficient notice, preferably in writing, outlining the nature and extent of the claimed rules violations.
2. The competitor, coach, official or parent/guardian will be given reasonable time in which to prepare a response to the claimed violation.
3. The competitor, coach, official or parent/guardian will have the opportunity to be assisted in presenting their side of the incident at the hearing and, also, can employ the assistance of an attorney, if so desired, at their expense.
4. The chairperson of the Disciplinary Committee shall conduct the hearing, and the hearing shall either be in person or by conference call, and handled in such a way as to give the Disciplinary Committee and the competitor, coach, official or parent/guardian an opportunity to hear both sides of the claimed violations.
5. Immediately following the hearing, the Disciplinary Committee shall discuss and reach a decision in respect to the claimed violation, including whether or not the violation has been committed and the sanction to be imposed.
6. The competitor, coach, official or parent/guardian will be provided with a written decision of the Disciplinary Committee, and, upon request, an audio copy of the hearing.
7. The Disciplinary Committee hearing, not including the deliberations of the Disciplinary Committee, may be recorded if the competitor, coach, official or parent/guardian requests that a recording be made of the disciplinary hearing.

Possible Disciplinary Action

Any sanctions imposed by PNSA under Levels I, II or III shall comply with the US Ski and Snowboard Code of Conduct. Possible sanctions include the following:

1. Suspension from the team and loss of future team participation.

2. Loss of support from PNSA and/or PNSEF.
3. Suspension from training and/or competitions or access to race venues as a volunteer or spectator.
4. Elimination of coaching, travel and other benefits.
5. Turning the offending party or parties over to the local or state authorities if the offense is a violation of existing laws.

Any sanctions to be posed under Levels I or II shall not be for a period of more than 21 days.

Any appeal of a Level III decision shall be taken to US Ski and Snowboard. It is PNSA's intent, in adoption of the foregoing procedure, to provide the competitor, coach, official or parent/guardian with Due Process. Due Process is explained in the section "Athlete's Code of Conduct" in the [US Ski and Snowboard Alpine Competition Guide](#).

Disciplinary Chairperson for Level I and Level II, nominated by the ACC/NCC/SCC/FCC, and approved by the PNSA Board of Directors is:

Kevin McCarthy

 White Pass, WA 9893

PNSA Appeals Board

The US Ski and Snowboard and USA federal Amateur Sports Act mandate that all disciplines assure that appeal boards and procedures for jury decisions and team selections be instituted at all levels of competition within US Ski and Snowboard. The Appeals Board for the PNSA shall consist of five members. The competition committees (Alpine and Nordic) shall make recommendations to the Board of Directors of the PNSA. The Board shall make the final selection of the members to the Appeals Board. The committee shall consist of one senior official, one coach, one competitor, one current member of the respective competition committee, and the Vice President of the PNSA who shall chair the committee.

Appeals Procedure

Members of the involved jury may not be included in the appeals group. Any individual who has served in an appeal group that has reviewed an appeal may not be part of any group that reviews the same appeal at a higher level. If the Disciplinary Chair or the Appeals Board Chair have been involved in a Jury decision or Level I process, the PNSA President shall appoint a temporary Disciplinary or Appeals Board Chair.

Notice of appeal must be delivered in writing with the appropriate fee to the Appeals Board chairperson within three business days after the jury decision took place. It is desirable to use US Ski and Snowboard standard appeals form available from the PNSA office. Individuals filing appeals must pay the full fee required. If the appeal is successful, then the monies that have been submitted shall be refunded.

The hearing group must restrict its examination to consideration of whether protocol was followed, rules applied properly, athlete offered rebuttal opportunity, etc. The hearing group must not "retry" the case in terms of the facts found by the jury at the time, unless such a re-examination of the facts is clearly warranted by the outcome of the jury deliberation. In such a case, the hearing group may find the facts were clearly disregarded in the outcome of the jury deliberation.

Filing Fees

 Team Selection Appeals \$50.00

7 - PNSA ALPINE TEAM

The PNSA Alpine Team will be selected at the beginning of each race season. Team size and gender distribution will reflect the previous season's PNSA Elite Series quota. The purpose of the team is to recognize the top active junior racers in PNSA and to reward their efforts to the extent possible as they strive for the next level. There are numerous benefits to members of the PNSA Alpine Team. The benefits are defined annually. Each member of the PNSA Alpine Team receives a uniform piece.

The PNSA Alpine Team will be posted to the PNSA website in the fall.

PNSA Alpine Team Selection Procedures

1. Eligibility for the PNSA Alpine Team requires that the competitor is a FIS junior (aged 16-20) for the upcoming season, maintains a permanent residence within division, is a registered member with a recognized PNSA club*, was a member in good standing of PNSA and US Ski and Snowboard during the previous season and attended Northwest Cup races held in the previous season, and must renew his/her US Ski and Snowboard Competitor membership by August 15th.
Exceptions: Attendance at a higher level US race that conflicts with a Northwest Cup, i.e. Nor-Ams, or Nationals; or an injury which prohibited participation in the NW Cup events.
2. Eligibility also requires that the competitor intends to compete as a member of PNSA in Northwest Cup races during the current season. Team members must notify the PNSA office of their intent to compete in PNSA by an annual deadline of August 15th.
3. Automatic Alpine Team status is reserved for athletes who placed 1st through 3rd in the NW Cup overall ranking. The balance of the team will be selected from a single selection board to be constructed by the PNSA Selection Committee using National points from the appropriate National points list which includes non-activity/injury adders or penalties (see "PNSA Selection Procedures" – Chapter 9 - in this manual for more information on selection boards).
4. All PNSA Alpine Team members must be licensed with FIS.
5. Team members are encouraged to help the younger PNSA racers by entering non-Northwest Cup races as often as possible.
6. All PNSA Alpine Team members will first be nominated to the team and required to sign a Contract of Participation before officially being named as a PNSA Alpine Team athlete.
7. U.S. Ski Team members will become honorary members of the PNSA Alpine Team. These athletes will remain members of the PNSA Alpine Team as long as they are registered US Ski and Snowboard members with a PNSA competitor's license.

* In the case of independent racers, written authorization must be obtained from the PNSA Director of Alpine.

8 - PNSA / PNSAA / PNSEF ELITE SEASON PASS 2017-18

The Elite Pass is a unique PNSA tradition. It is an arrangement between ski area operators and ski racing unprecedented in the U.S. The PNSA/PNSAA/PNSEF Elite Season Pass allows the purchaser (valid US Ski and Snowboard competitor) to ski at participating PNSAA areas.

The following point cutoff will be used to determine eligibility for 2017-18:

Note: Cut-off points are reviewed each season by the Board, and can be adjusted up or down.

Ladies: SL = 268 GS = 269 SG = 345

Men: SL = 267 GS = 222 SG = 304

Eligibility

1. The competitor, to be eligible for a pass, must be a member of an established PNSA Team or Club, or on the list supplied by the NWCSC, and in good financial standing with PNSA. Limited provision is made to accommodate non-club racers. The pass is only available for competitors age 13 - 24.
2. The Elite Pass will be sold to all valid US Ski and Snowboard competitors who meet the Elite Pass cut-off points using the National points list #15 from the 2016-17 season (see points cutoffs above) For NWCSC athletes, the top 10 men and 10 women from last year's NWCSC final totals are eligible to purchase an Elite Pass. All athletes must be registered to compete during the season the pass is purchased and must also be in good standing with PNSA.
3. The pass holder must have competed in 4 race starts during the 2016-17 season (each race equals one race start – 2 races on one day equals 2 race starts).

Purchasing and Refund

4. Applications will be processed eight times each fall at approximately two week intervals. Applications received after the current processing date will have to wait until the next processing date for the pass to be printed and sent.
5. Passes must be purchased by the last processing date of the competition year. For sufficient reasons, a petition may be submitted to the PNSA office asking for approval to purchase a pass after that date.
6. Athletes who renew their US Ski and Snowboard/PNSA membership on/after Oct. 25th are subject to a \$30 PNSA late fee. Pricing structures are included in the Elite Pass application.
7. If a pass is lost, a replacement pass can be purchased for an additional processing fee of \$30.00.
8. If a pass holder should be injured, the racer may apply to the PNSA for a refund on a pro rata basis. Refund requests must be submitted by March 15th of the current season, with appropriate medical documentation.

Policies and Guidelines

9. In general, the pass will be valid September 15 through the Golden Rose race of the current competition season. PNSAA resorts reserve the right to adjust the validity dates to match their seasonal operating schedules.
10. The pass is not valid at PNSA sponsored training camps where the lift ticket is included in the camp fee. Ski area operators may choose to honor, or not honor, the Elite Pass at Oregon Interscholastic Ski Racing Association (OISRA) competitions.
11. Use of the Elite Pass is a privilege and is restricted to use by the purchaser only. All rules and regulations of the PNSA, PNSAA, US Ski and Snowboard and other ski area policies where the pass is used shall apply. Abuse of the Elite Pass can result in prosecution by the ski areas and/or in disciplinary sanctions by PNSA to include possible suspension or revocation of the Elite Pass. (Please review the US Ski and Snowboard Code of Conduct in your US Ski and Snowboard Alpine Competition Guide and the PNSA Conduct and Disciplinary policies presented earlier in this Manual).
12. The pass holder assumes all risks and liabilities associated with the sport of skiing.
13. All on-hill conduct falls under the [National Ski Areas Association's Responsibility Code](#).

9 - PNSA SELECTION PROCEDURES

PNSA Selection Procedures are used to qualify PNSA racers for regional and national events where an official team will represent PNSA. Selection procedures vary depending on the level of competition/race. It is PNSA's philosophy that younger racers be rewarded for solid, all-event skiing, whereas the older, more experienced skiers are rewarded for excelling in a single event. All selection boards and final selections are on record and available in the PNSA office.

The Athletic Development Sub-committee of the ACC oversees PNSA Selections. The respective working group for each age class conducts specific selections.

- 1) U14 SUB-COMMITTEE WORKING GROUP
 - a) Western Region U14 Championships
- 2) U16 SUB-COMMITTEE WORKING GROUP
 - a) Western Region U16 Championships
- 3) U19-U21 SUB-COMMITTEE WORKING GROUP
 - a) All FIS events including:
 - i) Western Region Open FIS series
 - ii) Western Region Elite FIS series
 - iii) Western Region U19/U21 Championships

PNSA Double Selection Board

The PNSA Double Selection Board generally follows the same procedure as the Regional Double Selection Board Method as described in the US Ski and Snowboard Alpine Competition Guide. However, the PNSA Double Selection Board order of events is as follows: GS, SG, SL & DH.

Rules for Setting up the Board

- 1) Only the events contested at the competition will be placed on the board.
- 2) The Place Points board comes first, followed by the National Points board.
- 3) Racers are awarded place points at identified selection races. A racer's best two results in each event are added together and placed in the appropriate column. Columns for each event are arranged with the top ranked racer first.
- 4) Only eligible PNSA athletes at the time of the selection will receive place points. Current automatics at the time of the selection, past and present members of the US Ski Team, racers from other divisions and racers normally excluded from the event will not be awarded place points.
- 5) Ties in Place Points:
- 6) Considering a racer's single best place point result in that event first breaks ties. Next, considering any unused place point result in that event breaks ties.
- 7) If, after all place point results have been considered, a tie still exists, the racer with higher National points (worse rank) on the current list at the selection deadline will be placed ahead of the other tied racer on the board. Only the National points of the event in which the tie exists will be considered.
- 8) The National Points board is arranged in columns for each event with the top ranked racer first, based on the identified selection races and the most current National points list.
- 9) For racers to be included on the National Points side of the board they must have competed in at least one of the selection races of the qualifying series.
- 10) When a tie exists on the National Points board the racer ranked higher on the Place Points board of the same event will be ranked first.

Selection

Selection is made by moving across the board, left to right, and choosing the racer in each column before moving to the next row. If a racer has previously been chosen from the board, that racer is skipped over and the selection procedure continues. If a column does not contain a racer, the blank column is skipped and selection continues across the board.

Example

Selection for a 4-event, 12-person team:

Place Points Board				National Points Board			
GS	SG	SL	DH	GS	SG	SL	DH
A	B	E	D	A	X	D	C
G	D	Q	E	F	E	X	Z
R	Z	D	Q	Z	M	Q	D
F	Q	B	M	T	D	C	Q

Selection: A, B, E, D, X, C, G, Q, F, Z, R, & M

PNSA Modified Double Board for U16 Championships

The PNSA Modified Double Selection Board generally follows the same procedure as the PNSA Double Selection Board Method. However, the PNSA Modified Double Selection Board changes how the combined total of World Cup points is calculated, and changes the order of selection.

The World Cup points board is the combined total of the best single-result from each of the disciplines in the qualifiers. Selection goes 1st WC points, then 1st National GS, 2nd WC Points, 1st National SG, 3rd WC points, 1st National SL, 4th WC points, 2nd National GS, etc. If a racer has previously been chosen from the board, that racer is skipped over and the selection procedure continues. If a column does not contain a racer, the blank column is skipped and selection continues.

Example

Selection for a 3-event, 11-person team:

WC Points	Row	National Points	National Points	National Points	Ranking Order	Ranking Order	Ranking Order	Selection Order
		GS	SG	SL	1	continued - 2	continued - 3

					11-F-WC6	22-D-SG5		11 - K - GS6

PNSA Single Selection Board

In case no selection races are held prior to the selection announcement date, a single selection board will be used. In this case, only the National points portion of the Double Board is utilized. The selection procedure for the Single Board is otherwise the same as that described for the double selection board.

Western Region FIS Elite Series Selection

A single selection board will be used to select PNSA teams to WR FIS Elite Series events, using the identified National Points List. (See *Intent* and *Selection* Deadlines in the Appendix.) There are no PNSA selection races for these races. Only the events contested will be placed on the board.

Eligibility to be placed on the Board

- 1) Racers must be licensed members in good standing of US Ski and Snowboard and PNSA.
- 2) Racers must have submitted their PNSA Intent to Compete Form to the PNSA office as per guidelines. (See PNSA Intent to Compete procedures later in this section.)
- 3) Racers must be FIS-age eligible and have a current FIS license.
- 4) Racers who are in violation of the US Ski and Snowboard Code of Conduct, US Ski and Snowboard policy or PNSA policy will not be placed on the board.
- 5) Only PNSA racers who meet the Elite Pass point cut-off in one of the contested events will be included on the selection board.
- 6) Current automatics, past and present members of USST, any racers normally excluded from the event, and any racers not eligible for the PNSA quota will not be placed on the board.
- 7) Racers may petition for discretionary consideration. (See Discretionary Policy later in this section.)

Alternate List

For all Western Region Elite FIS races an alternate list will include all eligible racers who have submitted an Intent to Compete Form to the PNSA office. If after notifying racers to the extent of this list, the PNSA quota is still not filled, no further racers will be selected.

Western Region FIS Open Series Selection

A single selection board will be used to select PNSA teams to WR FIS Open Series events. There are no PNSA selection races for these competitions. Only the events contested will be placed on the board.

Note: When a Western Region FIS Elite or Open Series race is used as a qualifying competition for any Championship event (2018 = Park City/Snowbird and Schweitzer in January, Snow King in February), Western Region may regulate and modify how quotas will be filled by divisions in the following manner:

- Fifty percent (50%) of any divisional quota must be allocated and offered to the age group that is qualifying to the championship event.
- Subsequent divisional quota expansions may or may not be restricted to an age category by the Regional Director.

Eligibility to be placed on the Board

- 1) Racers must be licensed members in good standing of US Ski and Snowboard and PNSA.
- 2) Racers must have submitted their PNSA Intent to Compete Form to the PNSA office as per guidelines. (See PNSA Intent to Compete procedures later in this section.)
- 3) Racers must be FIS-age eligible and have a current FIS license.

- 4) Racers who are in violation of the US Ski and Snowboard Code of Conduct, US Ski and Snowboard policy or PNSA policy will not be placed on the board.
- 5) All “Senior” competitors qualifying must hold a current FIS license and must have points on the current FIS list in at least one of the contested events.
- 6) Racers must meet the PNSA Elite Pass Point Cutoffs* in the contested event in order to be placed on the board.

**Coaches must file a petition for athletes, intending to compete in speed events, who do not meet the Elite Pass Point Cutoffs in SG or DH.*

Alternate List

For the Western Region FIS Open/NJR Series an alternate list will include all eligible racers who have submitted an Intent to Compete Form to the PNSA office. If after notifying racers to the extent of this list, the PNSA quota is still not filled, no further racers will be selected.

Western Region U19-U21 Championships

The double selection board method will be used to fill the PNSA quota to the Western Region U19/U21 Championships, using the identified selection races and the most current National points list valid at the time of the selection. All PNSA NW Cup races held prior to the selection deadline will be used as selection races. A racer’s best two results in each event will be counted.

Place points will be assigned to the top 30 PNSA finishers, who are eligible at the time of the selection, using World Cup points (See appendix). The best two results in each event will be used on the double selection board. The appropriate number of events, that is, only those events contested at the U19-U21 Championships will be placed on the selection board.

Eligibility to be placed on the Board

- 1) Racers must be licensed members in good standing of US Ski and Snowboard and PNSA.
- 2) Racers must be age-eligible for the championship event.
- 3) Racers must have competed in at least one of the designated selection races.
- 4) Racers who are in violation of the US Ski and Snowboard Code of Conduct, US Ski and Snowboard policy or PNSA policy will not be placed on the board.

Alternate List

The alternate lists for the Western Region U19/U21 Championships will have no limitations. All efforts will be made to fill the PNSA quota with eligible PNSA racers.

Western Region U16 Championships Selection

The modified double selection board method will be used to fill the PNSA quota to the Western Region U16 Championships, using the identified selection races and the most current National points list valid at the time of the selection. See the Modified Board example earlier in this chapter.

Eligibility to be placed on the Board

- 1) Racers must be licensed members in good standing of US Ski and Snowboard and PNSA.
- 2) Racers must be age-eligible for the championship event.
- 3) Racers must have competed in at least one of the designated selection races.

- 4) Racers who are in violation of the US Ski and Snowboard Code of Conduct, US Ski and Snowboard policy or PNSA policy will not be placed on the board.

Alternate List

The alternate list for the Western Region U16 Championships will have no limitations. All efforts will be made to fill the PNSA quota with eligible PNSA racers.

Team Announcement

The U16 Championship Team and the team alternates will be selected after the completion of the last PNSA U16 qualifying competition. The team members will be announced after the U16 Working Group members validate the selection.

U16 Championship Seeding

A ranking list for each event will come from the PNSA office.

World Cup points (two event total) and National points will be used in a double board seeding process. In the event of a tie, the racer with the lowest single race points in the event from the qualifier series will be ranked first.

Western Region U14 Championships Selection

A zonal hybrid process will be used to select athletes to fill the PNSA quota for the Western Region U14 Championships. The hybrid process combines Zone 2 (Eastern WA/North ID) and Zone 3 (OR), while Zone 1 (Western WA) remains separate. Each zonal qualifying race will be a US Ski and Snowboard Sanctioned race.

1. The hybrid Zonal quotas will be determined by their proportion of 1st-year U14 athletes holding a current US Ski and Snowboard Membership on List 15 of the season prior to the Championship season. The populations of Zone 2 & 3 will be combined for this calculation.
2. The hybrid Zones will use 3 SL, 3 GS, and, optionally, 1 or 2 SG races, scored by run, where every racer has an opportunity for a second run to determine which racers will fill the quota.
3. Race dates will be approved by the ACC.
4. Of the possible 14 contested runs, the best 50% of each discipline will be considered; 3 runs of SL, 3 of GS and 1 of SG (regardless if 1 or 2 runs of SG are held).
5. If no SG is held, then the results from the GS standings will determine the SG portion of the board.
6. Each zone's selection process will purge all non-zonal athletes from their results prior to assigning place points.
7. Each Zone will assign "Modified World Cup points" (30 for first, 29 for 2nd, etc.) to each finisher for the race runs identified as qualifiers. For DNS, DNF, DSQ the racer will receive no points – 0 (zero). Modified World Cup points decrease by 1 point for each place, starting at 30 for 1st place.
8. In case of a tie, the tie will be broken by including to the 3rd best GS result for each racer. If the athletes are still tied, the 3rd best SL result, the second best Super G result, 4th best GS result and 4th best SL result will be used until the tie is broken. If the athletes remain tied after all 10 results are used, combined race points for the original best 5 will be considered.

9. Each zone will determine their seeding order for each discipline. The zonal selections and seeding will be submitted to the PNSA Office for final approval at least 2 weeks prior to WR U14 Champs.
10. The PNSA Office will seed the qualified athletes for the WR U14 Championships by:
 - a. Each PNSA zone will submit their selected athletes seeded by discipline.
 - b. Athletes from each zone will be grouped in their respective seeds by discipline with athletes from the other zones to create PNSA seeding groups by discipline.
 - c. The PNSA seeding groups will consist of one to three athletes per seed depending on the zonal quota allocation defined above.
 - d. PNSA will randomly draw athletes within a seeding group to create the individual seeding for U14 WR Champs by discipline.
 - e. Earlier seeded zonal athletes and seeding groups will always take priority over later seeded zonal athletes and seeding groups when being drawn into the WR U14 Championship seeding matrix.

PNSA Discretionary Policy

PNSA allows discretionary selections. The following procedures apply:

- 1) The last 2 places of the quota will be considered for discretionary selection.
- 2) Petitions for discretionary selection are due in the PNSA office prior to the Selection Deadline. Late petitions will not be considered.
- 3) Final decision of a discretionary petition will be a majority vote from the appropriate working group of the Athletic Development Sub-committee.
- 4) Petitions that are denied will be forwarded to the Western Region for consideration.

A racer must provide evidence to show why his or her ranking should be adjusted. Examples of evidence to qualify for discretionary consideration include:

- a) Physician verification of injury or illness and proof that such injury or illness prevented a racer from maintaining competitive ranking.
- b) Results from a higher level competition, e.g. Regional FIS race, Nor-Am, etc., that prevented a racer from competing in a qualifying event.
- c) Other proof that a racer's current ranking among his or her peers should be much better than indicated by the current selection procedure, i.e. results from recent competitions, prior season rankings, etc.

Foreign Competitors in PNSA

Foreign competitors racing for clubs within PNSA (US Ski and Snowboard members with an "X" Competitors License and having paid their PNSA dues), may be eligible for PNSA selections to Western Region events. Foreign racers must submit a completed Intent to Compete Form to the PNSA office before inclusion on any selection board. Foreign racers will not receive place points from any selection races conducted prior to submitting the Intent to Compete Form. Place points are not retroactive. Foreign competitors must meet all other eligibility criteria, including the submission of an authorization letter from their national federation allowing them to compete in North American FIS races for the current season. This letter should be sent to the PNSA office prior to Nov. 15th.

PNSA Intent to Compete Policy

4. A racer who expresses the intention of competing, and fails to race without informing PNSA in time to effect a replacement, may be declared ineligible for the next PNSA Project. Any racer who pulls from an event after the preliminary selection deadline will be held responsible and invoiced for ALL non-recoverable costs.
5. All racers must have complete payment and paperwork into the PNSA office by the established deadline to be entered into the project.

Goals and Purpose

The Pacific Northwest Coaches and Education committees, both subcommittees of the ACC, are made up of all active coaches within the PNSA. The goals of the committees are:

1. To advance, encourage and improve the coaching profession in all its phases, and to promote a better working relationship among those persons interested in the aspects of coaching and ski racing.
2. To further develop the ability of each PNSA Coach.
3. To better serve the common interest of the coaches by providing a means for the free exchange of ideas and information within the profession.

Focus Areas

- Coaching Education
- Athlete Development
- Race Calendar Management
- Competition Policies
- Officials Certification

Traveling Teams – Coaches Selection

Coach selections to any PNSA Traveling Team Coaching Staff are based on the following criteria:

1. The team with the greatest number of racers may be entitled to one coach.
2. All coaches selected for the PNSA Traveling Team Coaching Staff shall be a member of US Ski and Snowboard as either a coach or an official and shall also hold a current PNSA Coach card, and shall be Referee certified by US Ski and Snowboard.
3. The Selection Committee takes into consideration coaches' education and experience, the ability to work together with fellow coaches and all racers, and evaluations of past performances.
4. An Associate Coaches position may be made available in addition to the regular PNSA coaching staff. This associate position allows a less experienced coach the opportunity to gain experience at the divisional and regional levels. The funding for this position may come from the Coaches budget. However, when funding is not available, the coach or coach's home club may be asked to provide some, or all, of the necessary funding.
5. Clubs "opting out" of PNSA traveling team must submit names of coaches' attending the Project to PNSA at the time of racer selection.
 - a. All coaches properly submitted will be included on the PNSA "green sheet" as long as they are members of US Ski and Snowboard as either a coach or an official and shall also hold a current PNSA Coach card and be Referee certified by US Ski and Snowboard.
 - b. If there is an additional charge, each "opting out" club will be required to split the costs of any additional lift tickets needed beyond those that are provided by the host organization, at no charge, to PNSA for use by its Traveling Team Coaching Staff.
 - c. PNSA will bill the respective clubs for any additional costs.
6. Clubs not opting out may send additional coaches who have not been selected to the PNSA Traveling Team Coaching Staff at their own expense.
 - a. Those clubs must submit the names of their additional coaches attending the race event to PNSA at the time of racer selection.
 - b. All additional coaches properly submitted by non-opting out clubs will be included on the PNSA "green sheet" as long as they are members of US Ski and Snowboard as either a coach or an official and hold a current PNSA Coach card and are Referee certified by US Ski and Snowboard.

- c. Additional coaches so attending are encouraged to integrate/cooperate with the designated PNSA traveling team staff coaches.
- d. The designated PNSA traveling team staff coaches shall allow and facilitate such integration.
- e. PNSA will bill the respective clubs for any additional costs.

12 - PACIFIC NORTHWEST SKI EDUCATION FOUNDATION

The Pacific Northwest Ski Education Foundation (PNSEF) has been helping competitive athletes, including ski racers like Debbie Armstrong, Phil and Steve Mahre, Scott Macartney, Libby Ludlow, Brooke Wales, Tommy Ford, Jacqueline Wiles and many others in the Pacific Northwest, realize their skiing goals for the past 44 years.

Formed in 1969, PNSEF promotes all aspects of ski competition (Alpine, Nordic, Freestyle, and Snowboarding) to racers, coaches, officials, and the general public. Managed by an elected Board of Trustees, PNSEF is a supporting organization to the Pacific Northwest Ski Association, whose members strive for the ultimate goal of Olympic and World Cup competition on the U. S. Ski Team.

Were it not for initial funding provided by PNSEF, Olympic superstars like Phil and Steve Mahre of White Pass might not have gone on to their stunning Olympic victories. More recently, athletes such as Justin Wadsworth, Anton Pogue, Libby Ludlow, Tommy Ford, Torin Koos, Colby Granstrom, Jacqueline Wiles and Garth Hager have each benefited from the support provided by PNSEF.

As a fundraising organization, PNSEF relies on a number of diverse sources to keep building principal, to continue funding for existing programs, and to meet the needs of other recipients through new funding modes. An annual fundraising event is held in the Seattle area, along with several other fun events held throughout the division. Another funding vehicle is the Elite Pass program, which is a cooperative venture between PNSEF, PNSA and the Pacific Northwest Ski Areas Association, begun in the mid 1970s.

In addition to the many athletes who have benefited from their support, PNSEF also provides funding for B-net, coaches' education and training, development camps, and educational scholarships.

Any parents or competitors with questions about PNSEF are urged to request more information. Contact information is on the ♦[PNSEF website](#), or use this link to send an ♦[email](#). Applications for financial assistance must be submitted no later than December 31st of each season. All applications are now submitted on-line. Please find information on ♦[grant](#) and ♦[scholarship](#) applications on the PNSEF website.
