

Position Details:

Mt. Hood Race Team & Academy seeks to fill two full-time coaching positions to join our growing and competitive Academy program. Annual salary and benefits commensurate with knowledge, experience and education. Applicants must be members in good standing with US Ski & Snowboard. Applicants must be willing and able to successfully work in a team environment that includes on and off the hill work with athletes U14-FIS. A successful candidate will fully participate in the curating of athlete programming including training, racing, extensive travel, summer camps and mentoring of athletes on a daily basis.

Program Details:

Mt. Hood Academy is a winter-term boarding school for athletes who pursue the highest levels possible without parents taking a second mortgage on the house or shipping their child across the country. Without bright shiny objects our marketing department struggles in selling fundamental skill development, naturally injected training slopes, a human performance lab consisting of a squat rack and weights in the basement, lots of hard work, commitment and integrity. Interested applicants can expect to work in a small team environment where we aim to maximize our resources and impact each individual athlete's wellbeing while taking the job, but not ourselves too seriously.

North West Living:

The greater Mt. Hood Area (including Hood River, Portland, and Government Camp) has great housing options and has much to offer in terms of recreation, affordability, social justice protesting, and quality of life.

Please send your resume to Program Director Seth McCadam at seth@mhsef.org
